GENERAL CATALOG

INSPIRATION AWAITS!

With nearly eight decades of legendary crafting history firmly cemented in the lives of countless drummers, 2023 sees Pearl advancing the drum set to unsurpassed heights. Our goal was to make the complete selection and performance aspect of drumming effortless and fuel the current of rhythmic creativity in a new generation of players. This would include an odyssey into the very foundations of drum making, from shell formation to mounting platforms, to eliminate stress and let each drum truly sing. The solution lies in reimagining the benefits of tom suspension systems on a new era of professionally catered percussion items, to showcase the sonic and visual identity of each drummer and bridge the gap between Player and Instrument.

MASTERWORKS
p. 3 - 4, 7 - 12

Custom made in your personal selection of woods, edges, sizes, and veneers.

SHELL RECIPE
Individually tailored combination of Birch, Maple, Gumwood, and/or Mahogany.

SOUND
The tonal reality of your ultimate ideal, Masterworks literally sounds like every drum set you've ever dreamed of.

REFERENCE ONE
p. 13 - 14

The ultimate ideal of the modern hybrid drum concept, all components are independently engineered for the best tonality in every quadrant of the kit.

SHELL RECIPE
EvenPly Birch, Maple, and Mahogany hybrid.

SOUND
Expressive, wide range sonic boost with enhanced bottom-end.

CRYSTAL BEAT
p. 29 - 30

The original seamless Acrylic drum shell creates a striking visual and sonic showcase.

SHELL RECIPE
Seamless molded Acrylic
(Tom and Floor Tom: 6mm / Bass Drum: 7mm)

SOUND
Loud and immediate, delivers pummeling straight tone and yielding feel.

DECADE MAPLE
p. 31 - 32

Premium gear for the evolving drummer, featuring lacquered all Maple shells and pro-level elements.

SHELL RECIPE
EvenPly-Six, 5.4mm Maple

SOUND
Full maple tone with lively midrange and smooth sustain.

EXPORT
p. 33 - 34

The Best-Selling Drum Set of All Time gives the student drummer a strong beginning.

SHELL RECIPE
6-ply 7.5mm Poplar and Asian Mahogany hybrid

SOUND
Crisp attack with dark, formidable bottom-end vibrance.

MASTERS MAPLE / GUM
p. 17 - 18

Optimized for the recording studio; vital tone derived from the Masterworks: Studio shell recipe.

SHELL RECIPE
EvenPly-Six Maple (4-ply outer) and Gumwood (2-ply inner)

SOUND
Explosive midrange tonality with full low-end and precise decay.

MASTERS MAPLE
p. 19 - 20

Three decades of Masters excellence is reimagined with our history-making 6-ply Maple shell and a host of massive upgrades.

SHELL RECIPE
7.5mm 6-ply Premium Maple.

SOUND
Attack and projection with smooth, full-bodied resonant attack.

MASTERS MAPLE PURE
p. 21 - 22

Pearl's original premium MMX shell formula delivers near-field resonance and sharp top-end attack for varied pro environments.

SHELL RECIPE
5mm 4-ply Premium Maple w/4-ply Reinforcement Rings.

SOUND
Balance of powerful midrange and smooth resonant attack.

MIDTOWN
p. 35

An ultra-portable shell pack for full-sized play and powerful grooves in a small footprint.

SHELL RECIPE
6-ply 7.5mm Poplar

SOUND
Tight, responsive tonal bite with enough bottom to fill the pocket.

ROADSHOW
p. 36

A drum set package complete with everything needed to kickstart your rhythmic journey.

SHELL RECIPE
9-ply 7mm Poplar

SOUND
Piercing, open cut with the right amount of sub-bass rumble to keep you inspired.

PROFESSIONAL SERIES
p. 23 - 24

A gig-friendly workhorse derived from our classic MLX Series that's excellent for independent touring.

SHELL RECIPE
EvenPly-Six, 5.4mm North American Maple

SOUND
Equal parts Low/Mid/High frequency punch with smooth, extended decay.

SESSION STUDIO SELECT
p. 25 - 26

Radically unique Studio blend with pre-EQ'd warmth and cutting, articulate strike.

SHELL RECIPE
EvenPly-Six Birch (4-ply outer) and African Mahogany (2-ply inner)

SOUND
Deep, rich bass frequencies combined with top-end tonal drive.

PRESIDENT SERIES DELUXE
p. 27 - 28

Dark, dry vintage spread with the classically controlled "MJ Sound".

SHELL RECIPE
6-ply, 7.5mm Lauan.

SOUND
A slick, sonic locomotive of subdued, vintage punch with singular low-range overtone.

Completely Custom, Totally Handmade

HANDCRAFTED FOR GREATNESS

Masterworks is the realization of your ultimate drum set vision. Every aspect of the kit is curated by you and built to your exacting specifications.

EXPLORE. CREATE. INSPIRE.

Masterworks begins with your choice of our finest hand selected shell veneers and precision engineered premium hardware appointments. Choose your own combination or one of our Sonic-Select Shell recipes to customize a sound and look that is completely your own.

MASTERWORKS SONIC-SELECT URBAN RECIPE
NATURAL WALNUT BURST BUBINGA AND ROSETTE INLAY

DRUM SHELL TONE WOODS

Choose one or a combination of our premium shell materials to sculpt the sound of each drum.

MAPLE
Tonally equal in highs, mids, and lows for prime, full bodied attack and sustain.

BIRCH
Boosted attack with "Built-in EQ" for articulate and evenly reduced decay.

AFRICAN MAHOGANY
Dark, elegant tone with powerful bottom-end emphasis.

GUMWOOD
As a core or interior ply, Gum enhances tone in surrounding plies.

CUSTOM INTERIOR
Choose any of Pearl's Artisan Exotic veneers, carbon fiber, or hand applied fiberglass for boutique tones and visuals.

SHELL SIZE AND THICKNESS

For precise tonal character, sustain, and projection.

THIN (4-ply, 5mm w/ 4-ply Reinforcement Rings) Increased sustain and low-end.

MEDIUM (Even 6-Ply, 5.4mm) Expanded tonal purity and resonant punch.

STANDARD (6-ply, 7.5mm) Full-bodied tonal projection ideal for general purpose.

THICK (8-ply, 10mm and 10-ply, 12.5mm) Maximum projection and quick decay.

FINISHES

Craft an inspired visual statement with drums hand finished and configured to your specifications.

LUXURY
Includes a choice of High Gloss, Satin Stain, and Sparkle Lacquer.

CUSTOM
Includes Pinstriping, Banding, Artisan II Custom Graphics.

ARTISAN
Choose from a selection of Exotic veneers (below) or hand applied Carbonply.

CUSTOM INLAY
Accentuate the natural beauty of the outer shell finish with inlay bands inserted by hand.

BEARING EDGE

Masterworks offers a choice of five sonically tested edges - configurable by drum, application, and shell side.

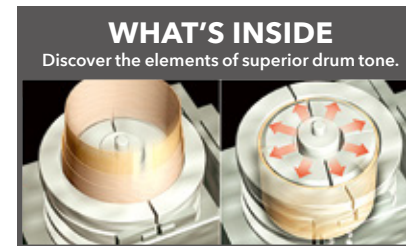

STANDARD 45°
Provides the perfect blend of attack and warmth.

OUTER 60°
Pulls brighter overtones and increases punch.

INNER 45° Edge apex focused to inner shell plies for controlled sustain.

ROUNDED 45° Increased head-to-shell contact boosts mids and highs.

FULLY ROUNDED
Boosts mid-to-low range response and reduces decay.

THE EST DIFFERENCE - The Ultimate in Strength, Resonance, and Tone.
Superior Shell Technology

To craft multi-ply, bonded drum shells with single-ply resonance and strength, Pearl pioneered the world's first high temperature hydraulic curing system. SST shells are formed in a bonded combination of cross-laminated

2-ply veneer panels then precision milled with overlapping scarf joint seams and cured with our exclusive AcoustiGlue at 1000 PSI of hydraulic pressure.

HARDWARE FINISH, LUG, AND HOOP OPTIONS

A choice of five plating options comes standard on your selection of our precision tuning lugs, hoops, and drum hardware.

• Single Swivel (STL-100)

• Swivel Tube (STL-150)

R2 AIR

SUSPENSION SYSTEM

TOTALLY BALANCED,
TONALLY UNITED,
FLOATING TOM SUSPENSION

THE EVOLUTION OF TOM MOUNTING TAKES A GIANT LEAP FORWARD.

The physics of drum resonance is about to meet its match. For the first time, totally unrestricted, fully uninhibited, tonally uncolored sound can be drawn from mounted toms, with the Pearl R2 Air Tom Suspension system. U.S. Patent #11640814

Elevate the Physics - and Sound - of Your Drum. R2 Air improves the overall tone of the complete drum kit by delivering the true sound of each mounted tom by creating a transition bridge from toms to floor toms.

ROCK SOLID, TOTALLY FLEXIBLE TOM POSITIONING.

Pearl is the first drum maker to offer a choice in tom mounting function. The GyroLock gearless positioning system offers the option of vertical placement with a 12.7mm solid L-arm, and the horizontal framing of our traditional 7/8" tube mount. Both offer infinite angle adjustment with a simple turn of the key without compromising sound or security. Unlike other L-arm holders that rely on a limited position, fallible ball-in-socket system, GyroLock's internal locking system can secure any angle without parts that wear over time.

R2AL
FOR 12.7mm VERTICAL ROD

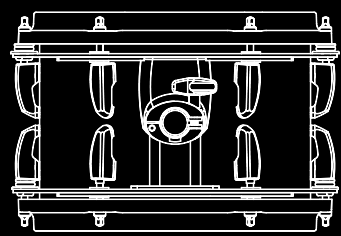

R2AS
FOR 7/8" HORIZONTAL PIPE

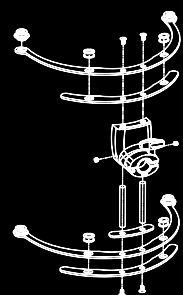

MASTERWORKS SONIC-SELECT STUDIO RECIPE
IN NATURAL FLAME MAPLE
FEATURING
R2 AIR / GYROLOCK-L COMBINATION

MASTERWORKS SONIC-SELECT STUDIO RECIPE
IN NATURAL FLAME MAPLE
FEATURING
R2 AIR / GYROLOCK STANDARD
PIPE COMBINATION

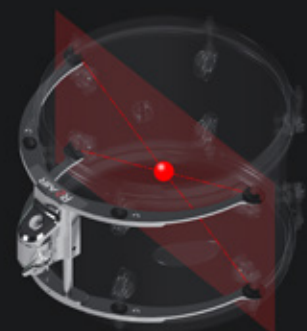

U.S. Patent #11640814

EXCLUSIVE FOUR-POINT FLOATING ISOLATION PLATFORM.

To attain tonally true sound, every drum would have to be mounted in a floating point at the center of its shell. R2 Air equally balances mounting pressure across two floating points at the top and bottom of each tom. This gives true tonal separation from mounting hardware and enhances sonic output. All mounting hardware is isolated from the shell via the R2 Air's four ResoDisk shock absorption inserts.

DamperDisk

Sustain and tone can even be fine-tuned with the addition of its included rubber DamperDisk in one of four tension points. This shortens decay for a more pronounced note.

MEMORY, WHERE YOU NEED IT MOST

GyroLock-L's position settings can be locked in place with the aid of additional memory locks in three separate places. This, plus our new Compass Dial markings, assure teardown and reset that is quick, secure, and repeatable. (Patent Pending)

Sonic-Select Shell Recipes

STUDIO

MASTERWORKS SONIC-SELECT STUDIO RECIPE SHELLS
IN GLOSS RED/BLACK FADE WITH BLACK NICKEL HARDWARE
AND ADDED TOP-TUNED DJEMBE (PBJV-14685)

CHOOSE YOUR ARENA. CREATE YOUR DREAM. DEFINE YOUR SOUND.

Our Sonic Select Shell Recipes narrow the nearly endless scope of Masterworks choice down to five sonically proven shell and hardware combinations. Each recipe is individually primed for its distinct performance environment.

STUDIO

Explosive tonal clarity and articulation for recording.

SHELL: EvenPly-Six (5.4mm) Maple/Gumwood w/ Outer 60° Bearing Edge

STADIUM

Pearl's thick CZX Maple shell for high-volume power.

SHELL: Fl.Toms/Bass: 10-ply Maple w/ Outer 60° Bearing Edges. Toms/Snares: 8-ply Maple w/ Outer 60° Bearing Edges

URBAN

A thin, powerful blend for the precise metropolitan drummer.

SHELL: Toms/Bass: EvenPly-Six Birch/Gumwood/Birch (5.4mm) with 4-ply Maple Re-Rings and mixed Bearing Edges

HERITAGE

Classic drum feel with enhanced lows and fat top-end slap.

SHELL: 4-ply Maple/Mahogany w/ 4-ply Maple Re-Rings w/ Standard 45° Bearing Edge

MODERN DRY

Quick, top-heavy articulation with controlled low-end.

SHELL: 4-ply Maple/Gumwood w/ 4-ply Mahogany Re-Rings w/ Inner 45° Bearing Edges

CUSTOMIZED TO FIT YOUR CREATIVE VISION.

Like a blank canvas for your drumming ideal, modify any Sonic-Select Shell Recipe shell or hardware option to give it your own spin or use our exclusive Artisan II process to embed your choice of high definition graphics directly onto the outer shell.

Gives each drum added weight for increased volume and controlled sustain.

LUGS
Single Swivel Lugs
STL-100 (Toms)
STL-200 (Bass Drums)
Our lightest and most efficient tuning lug for reduced shell contact.

Reference — ONE —

The Reference Legacy.
Unleashed.

A TRUE PEARL ORIGINAL, WITH A FRESH, GROOVE INSPIRING VIBE.

Where the Many Combine to Create a Singular Instrument. Building on the modern hybrid drum concept Pearl originated with Reference Series, every element in the Reference One drum set's construction is fine-tuned to deliver optimal performance. By leveraging specific woods, shell thicknesses, and bearing edges exactly where they are most sonically beneficial within a drum set, Reference One's reduced-thickness EvenPly shells are fitted with MasterCast Die-Cast hoops, for a radical combination sustain and attack. Combined with Pearl's revolutionary R2 Air Tom Suspension System, Reference One takes the hybrid drum concept to new, unprecedented heights.

R2 AIR TOM SUSPENSION SYSTEM

Suspends each drum by four unique points for optimum tone and resonance at any angle.

MASTERCAST HOOP

Escalates weight for tonal body and increases volume in high velocity play.

SWIVEL LUGS

Single Swivel Lugs are self-aligning for better tuning integrity and reduced shell stress. Their reduced profile takes up less room on the shell face, delivering better tone from each drum.

GOLDEN RATIO AIR VENT

The Golden Ratio air vent location is unique for each component size to provide enhanced tonal character and frequency response. (U.S. Patent # 7485791)

Masters

The Masters You Remember,
A Sound You'll Never Forget

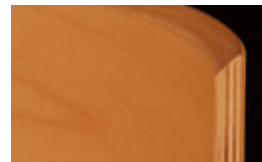

ELEVATING THE PLAYING EXPERIENCE FOR THE TRUE PROFESSIONAL.

Pearl's Masters Series has set a standard for the very best in performance centered instruments for the pro drummer. In celebration of three decades of Masters quality and excellence, Pearl reimagines three original shell recipes with a freshly unified hardware mix to reach new levels of sonic purity the most discerning environments and players.

MASTERS SHELL CHOICES

MASTERS MAPLE/GUM (MMG)
Masters Maple/Gum (MMG) Primed for the Recording Studio, this legendary shell blend enhances the naturally vibrant sonic nature of Maple with explosive highs and lows.

MASTERS MAPLE (MM6)
Originally offered as Masters MRX, projects powerfully expressive tone fit for evolving live music environments. Sonically centered with equal Highs/Mids/Lows.

MASTERS MAPLE PURE (MP4)
The Original Masters Sound delivers full bodied resonant tone with increased lows and a more focused attack.

MASTERS HARDWARE SELECTION

Adding the groundbreaking R2 Air Tom Suspension system's four point mounting platform to Pearl standards like premium North American shell veneers and Mastercast Die-Cast Hoops, Masters Series is the defining essence of the Pearl Sound and tailored to fit your sonic vision.

R2 AIR TOM MOUNTS
Suspends each drum by four unique points for optimum tone and resonance at any angle. (L-Arm bracket shown) U.S. Patent #11640814

HANDCRAFTED SHELL

The Evolution of
Premium Studio Tone

THE MASTERWORKS STUDIO RECIPE, SIMPLIFIED.

Delivering arguably the greatest drum tones ever recorded, Pearl's performance-centered take on the legendary Maple/Gum shell recipe is a sonic experience every drummer needs to witness. Reaching epic levels in sonic warmth and explosive low-end response, this dynamic shell/hardware combination first debuted as the Masterworks Sonic Select Studio Recipe. With the addition of the R2 Air Tom Suspension System, this is an instrument that is perfectly at home in the Recording environment, and a true prize for each drummer that owns one.

OUTER 60° BEARING EDGE

MASTERS SHELLS

Only the finest cuts of North American hardwood are harvested for Pearl's Masterworks Shell Vault. Cross laminated into dual-layered panels, each veneer in the Masters shell has been hand selected from this exclusive cache to produce drums worthy of Pearl's commitment to quality and performance.

SUPERIOR SHELL TECHNOLOGY

The SST method was developed to craft a multi-ply, bonded drumshell with single-ply resonance and strength. All shells are precision milled with overlapping scarf joint seams and cured with our exclusive AcoustiGlue at 1000 PSI of hydraulic pressure.

SHELLS

MAPLE
ALL MAPLE SHELL

Sonically Centered,
Articulate, and Powerful.

A BOLD VOICE FOR HIGH VOLUME STAGE PROJECTION.

With a sound that sits in the tonal center of the mix, Masters Maple is Pearl's original 6-ply shell recipe. This timeless combination of a slightly thicker 6-ply North American Maple shell and a sharper 45-degree bearing edge produces enough precise projection to shake the rafters, yet is responsive to even the slightest stroke. With an equalized high/mid/low tonality, Masters Maple is primed for cutting, vibrant live performance.

STANDARD 45° BEARING EDGE

Pearl's original precision edge adds sustain through reduced shell-to-head contact.

R2 AIR TOM SUSPENSION SYSTEM

Suspends each drum by four unique points for optimum tone and resonance at any angle. (U.S. Patent #11640814)

MASTERCAST HOOPS

The ultimate choice for durability and tuning integrity, they increase overall shell weight for enhanced tonal body and volume.

Bridging the Gap Between
Studio and Stage.

A POWERFUL TONAL BLEND OF RESONANCE AND ATTACK.

Pearl reimagines the original Masters shell recipe with Masters Maple Pure. Blending four layers of hand-curated North American Maple with 4-ply Re-Rings from our Masterworks Veneer Vault, its premium shell formula delivers a sonic fusion of near-field resonance and sharp top-end attack for varied pro environments. These hand-curated Maple plies increase the overall Janka hardness of the shell for increased projection, improved sustain, and better sonic output than ever before.

STANDARD 45° BEARING EDGE

Standard 45° – Pearl's original precision edge adds sustain through reduced shell-to-head contact.

R2 AIR TOM SUSPENSION SYSTEM

Suspends each drum by four unique points for optimum tone and resonance at any angle. (U.S. Patent #11640814)

MASTERCAST HOOPS

The ultimate choice for durability and tuning integrity, they increase overall shell weight for enhanced tonal body and volume.

CL BRIDGE LUGS

A classic look with minimal shell contact for precise vibration control.

MASTERS SELECTION

Pearl is committed to offering each drummer a top-tier experience in selecting and purchasing their Masters Series kit. Available for immediate delivery in a curated variety of in-stock components, Masters gives you the freedom of configuring your ideal set-up without the restriction of pre-formatted shell packs.

MASTERS FINISHES

Available in a wide range of Premium and Custom exterior lacquers, Masters drum finishes are hand-applied through Pearl's painstaking thirty-one step process. Choose from over 20 different Transparent, Metallic, Fade, Burst, Sparkle, Swirl, or Stripe Lacquers for your own unique statement.

PROFESSIONAL SERIES

ALL MAPLE SHELL

Est. 1986. An Updated,
Upgraded, Premium Gigging
Powerhouse.

A PLAYER-READY DRUM SET PLATFORM FIT FOR ACTIVE GIGGING AND TOURING..

From local gigs to national tours, Pearl's updated Professional Series drums have a look and sound that fits in any live performance space. Beginning in 1985, Pearl introduced its legendary MLX drums under the Professional Series banner to bring the powerful Maple sound to the forefront. Today, Professional Series returns with the spirit of the original and a refreshed presence for the experienced drummer.

STANDARD 45° BEARING EDGE

Pearl's original precision edge adds sustain through reduced shell-to-head contact.

OPTIMOUNT SUSPENSION SYSTEM

A solid, flexible four point suspension mount for prime shell resonance.

2.3mm SuperHoop II

Made to maintain tuning integrity in heavy play while delivering maximum shell resonance.

RL LUGS

A simple, sleek lug that adds weight to the shell for increased volume.

PRESIDENT

A Modern Revival of The Darkly Unique Luan Sound

DELIVERING A DISTINCTLY CLASSIC PLAYER'S GROOVE.

Drawing from the very origins of Pearl's manufacturing legacy, President Deluxe Series showcase the warm subtlety of our original tone wood for a traditionally full, controlled playing experience. Featuring our original 6-ply Luan shell, this darker toned medium/hardwood was the basis of thousands of shells made by Mitsuo Yanagisawa in Pearl's Chiba, Japan-based drum factory starting in 1961.

ROUNDED 45° BEARING EDGE

Increased head-to-shell contact boosts mids and highs and helps control overtone spread.

2.3mm SuperHoop II

Made to maintain tuning integrity in heavy play while delivering maximum shell resonance.

BSL LUGS

"The Battleship Lug", BSL-100 features the same striking design of the original "C-043" lug in a more robust casting for better tuning integrity.

SHELLS

6-ply 7.5mm Luan. Loud yet subdued with deep, punchy wallop and plenty of top-end attack.

PSD923XP/C
#767 Ocean Ripple

PSD943XP/C
#769 Sunset Ripple

A MODERN TAKE ON A FAMILIAR FAVORITE

President Series Deluxe drums feature prime vintage style without the shortcomings of yesterday's fittings. Available in three shell packs with a host of component add-ons, each President Series Deluxe drum kit comes standard with Remo CS "Black Dot" UT heads, classic felt bass drum muffling strip, shell-mounted cymbal holder, and adjustable "Gullwing" style bass drum spurs.

SINGLE-HEADED CONCERT TOM SET

A period-correct companion to President Series Deluxe shell packs. Includes 8"x6" and 10"x7" single headed toms with Traditional Slide/Clip mounts.

SHELL	6-ply 7.5mm Luan

CRYSTAL BEAT

50 Years of the Original
Seamless Acrylic Drum Shell

THE ORIGINAL SEAMLESS ACRYLIC DRUM SET

Beginning in 1973, Pearl established a revolutionary alternative to conventional drum making with Crystal Beat's 6mm/7mm molded/seamless Acrylic shell. Its vivid combination of cutting tonal power and stunning visual appeal found an immediate audience with the high-volume power player. In celebration of this 50 year milestone, Pearl introduces three never before released acrylic finishes in a Limited Edition selection of Crystal Beat shell packs. Released quarterly throughout the year in Small Batch production runs, each shell pack is built to stand up to the rigors of touring with an undeniably unique look and straight-tone power.

STANDARD 45° BEARING EDGE

Pearl's original precision edge adds sustain through reduced shell-to-head contact.

OPTIMOUNT TOM SUSPENSION SYSTEM

A solid, flexible four point suspension mount for prime shell resonance.

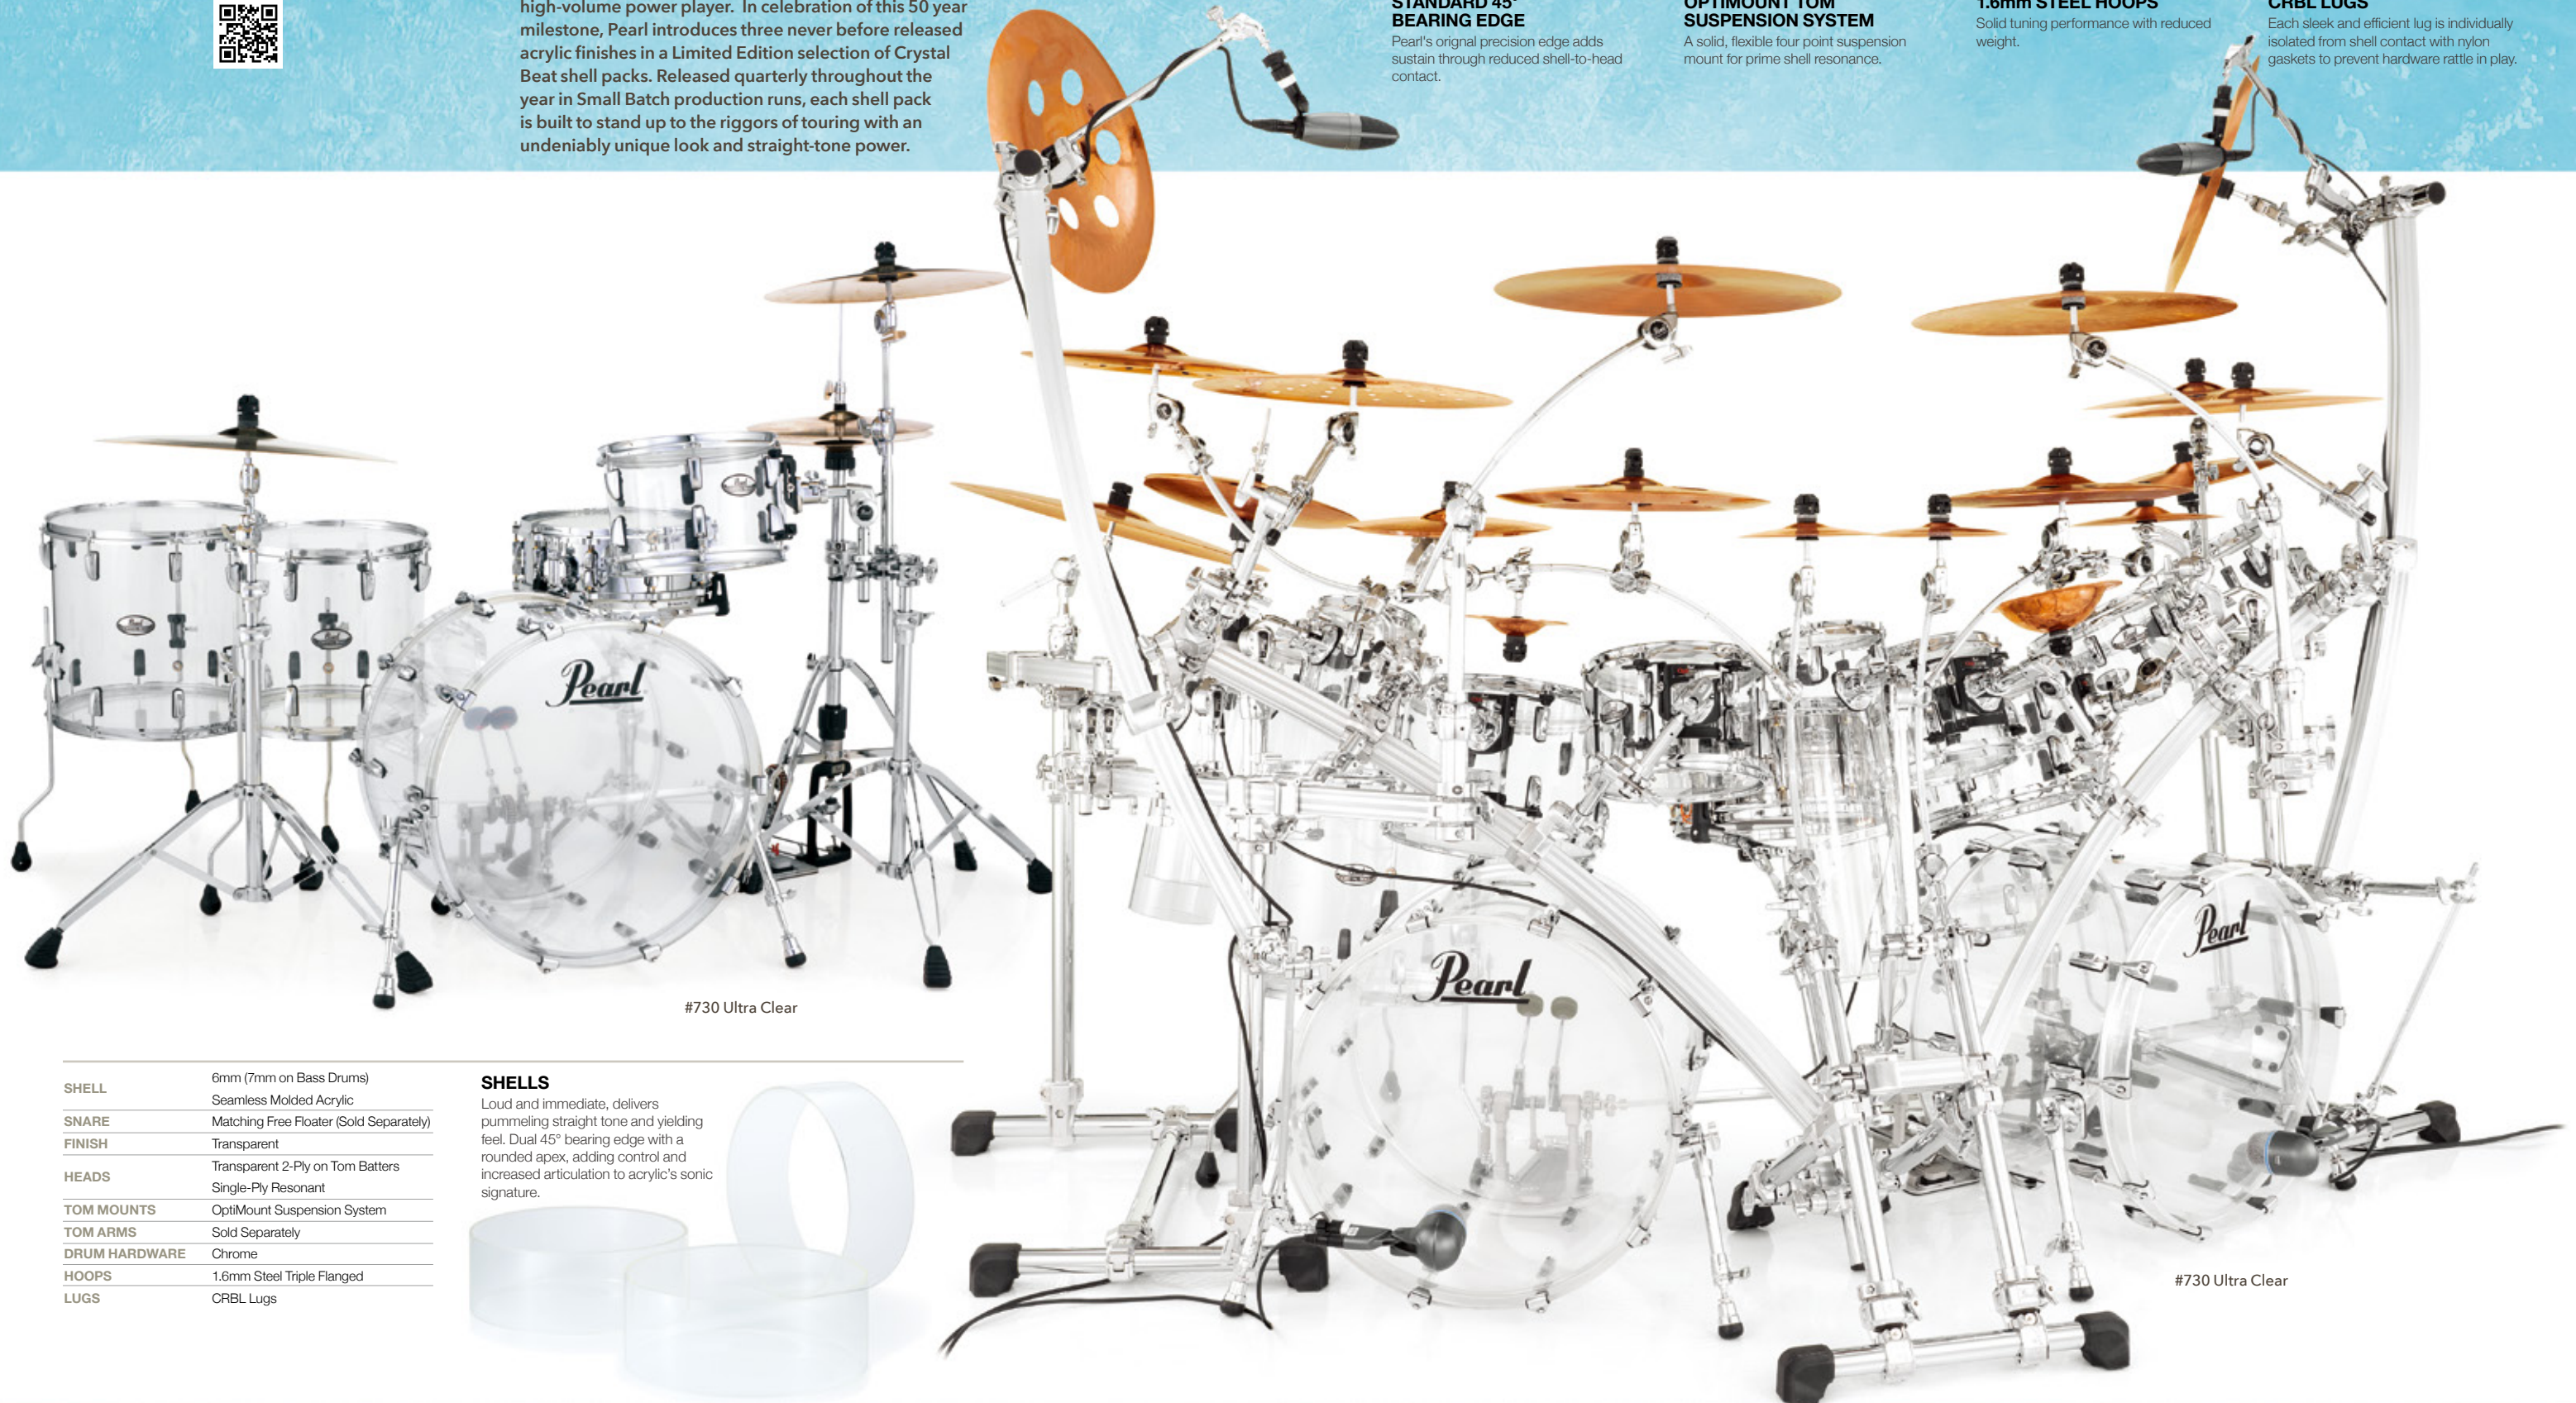

1.6mm STEEL HOOPS

Solid tuning performance with reduced weight.

CRBL LUGS

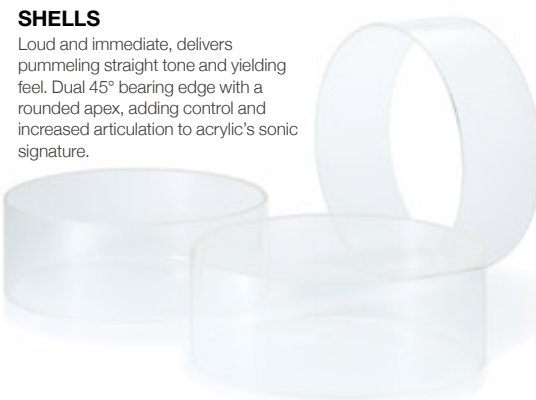

Each sleek and efficient lug is individually isolated from shell contact with nylon gaskets to prevent hardware rattle in play.

#730 Ultra Clear

Loud and immediate, delivers pummeling straight tone and yielding feel. Dual 45° bearing edge with a rounded apex, adding control and increased articulation to acrylic's sonic signature.

DECADE MAPLE

A Drum Kit
10 Years in the Making

BUILT TO PUSH THE BOUNDARIES OF PERFORMANCE AND PRICE

Decade Maple Series drums elevate the playing field for the advancing drummer with pro features and unbeatable value. Over seven decades of Pearl drum craftsmanship and ten full years of research and development culminate in the ideal step up drum kit: Decade Maple Series. Escalating the playing field for the advancing drummer, Decade Maple's featured shell packs are perfect as a primary kit for evolving players or a secondary "gigging" kit for the seasoned pro.

STANDARD 45° BEARING EDGE

Pearl's original precision edge adds sustain through reduced shell-to-head contact.

OPTI-LOC MOUNTING SYSTEM

This three-point isolation mount suspends the drum at two tuning points and one of the drum's air vents for solid, stable play.

1.6mm STEEL HOOPS

Solid tuning performance with reduced weight.

NDL LUGS

Small, efficient, and strong, the ND L lug is designed to hold tuning across all points without taking up too much room on the shell.

The Ultimate Purity Of Sound

TASK-SPECIFIC INNOVATION Pearl's unique Free Floating Snare chassis removes all hardware from the shell to greatly improve resonance and projection.

By combining the tonal character of each shell type with its ideally matched depth, each Free Floating snare drum is engineered to fit a specific task by model and gives you a unique voice for any sonic situation.

CLICK-LOCK THROW-OFF SYSTEM Engineered with Polymer bearings for precise and smooth action. Unique nylon grip mechanism locks the snares into place.

Deep, rich snare power with short, even sustain decay.
FTAL1480

Ultimate in throaty, deep snare growl. Shortened decay.
FTMH1480

Lower overtone body, preserves crisp top-end snare snap.
FTPB1465

Full, rounded bottom frequencies. Extra midrange body.
FTMMH1465

Full-spectrum, both bright in punch and warm in tone.
FTBR1450

Punchy and smooth. A perfect "go-to" snare.
FTMM1450

1mm shell for bright, open attack with ringy overtone.
FTSS1435

Dense all Birch shell delivers bright, open attack.
FTBB1435

SENSITONE HERITAGE ALLOY

Legendary Snare Tone from Studio to Stage

The Sensitone sound has always been drawn from an amalgamation of The Heritage Alloys (Aluminum, Black-over-Brass, and Steel) for the necessary, immediate tones of yesterday's chart toppers with an undeniably modern sensibility. Sensitone Heritage Alloy snare models employ these three original metal shell types to deliver essential tone and power with the right gig-ready touches.

Dry, focused crack with quick decay.
STH1450AL

Full, guttural snare bellow with little overtone.
STH1465AL

Perfect blend of attack and brassy body.
STH1450BR

An elegant solution for punch and warmth.
STH1465BR

Crisp, sensitive high-pitched snap.
STH1450S

Belting crack with mild midrange overtone.

THE SR-017 STRAINER

Simple and effective, the SR-017 is a Pearl standard for effortless snare switching and sensitivity control. Its smooth lever action and fine-tuning knob let you dial in the right amount of snare wire saturation to suit your personal sound.

SIGNATURE SNARES

Capturing The Exclusive Sound of Drumming Legends

To be truly great, one must evolve over time. Drumming legend Dennis Chambers took this to heart when considering the transformation of his snare drum sound.

Dennis designed his new Signature Snare for sonic evolution. Using the multi-lug design of his previous model, it employs 10 tuning points on the batter head and eight on the bottom for top-end tonal focus.

Returning to the 4-ply Maple w/ 4-ply Re-Ring shell of his original Signature model, this time in a Matte Black lacquer finish for visual versatility, it features a solid, searing and articulate sound that fits well in any playing field.

The real difference comes with its SR300 Multi-Timbre Strainer that features three individually tunable 6-strand snappy wire snares. Each can be engaged or disengaged to further sculpt the sound of the drum.

Pearl's reliably durable Mastercast Hoops also add weight for increased projection.

"I got this idea from the Pearl Symphonic series snare drum and I fell in love with the idea of having three different snare settings on one drum."

- Dennis Chambers

DENNIS CHAMBERS

DC1465S/C 14" x 6.5"

SHELL	4 ply Maple w/ 4ply Re-Rings
HOOPS	Mastercast (DC-1410/DC-1408S)

STAVECRAFT

A startling addition to any pro drummer's soundscape, each StaveCraft shell starts from two layers of meticulously beveled solid wood staves. Dado-Loc, an old world principal exclusive to these snares, inserts a solid segment of contrasting wood into the center Dado channel formed by each stave. This solid fusion of hardwoods is lathed to a perfectly round 25mm thickness for unparalleled volume and power.

Peak high-end sonic dominance with lively overtone.
SCD1450AW

DUOLUXE

THE WORLD'S FIRST INLAID BRASS SNARE DRUM

Pearl celebrates three-quarters of a century of iconic drum sounds with Duoluxe, a modern take our legendary Jupiter snare drum. This classic combination of a chrome-over-brass alloy shell and our trademark dual inverted shell beads is augmented with two finish bands of Nicotine White Marine Pearl inlay. This gives the shell a singular look and adds tonal nuance to its unbridled sound.

Bold and crisp with short midrange overtone.
DUX1450BR

UTILITY

VERSATILE DRUMS FOR SECONDARY EFFECTS

MODERN UTILITY snare drums are vital instruments. Well-appointed tools of the trade crafted for the informed, current drummer to make the gig great. Priced for the active working player, Modern Utility snares are available in both 100% Maple and Beaded Steel. Flexible enough to add to any setup and strong enough to stand up to constant play, each model has a cool, versatile vibe. Featuring our CL arch lugs and smooth SR700 snare strainer for precise tunability.

e/MERGE

**NOT JUST A NEW STANDARD.
A NEW SOUND. A NEW FEEL. AND, A
COMPLETELY NEW E-DRUMMING EXPERIENCE.**

e/MERGE is about change, and change in the e-drum market has been way overdue. When we looked closely at every aspect of the current e-drumming experience with KORG, together we knew we could make a dramatic difference. And that difference begins with the all new e/MERGE module. Simple yet elegant in design, the e/MERGE MDL1 module features a full library of high definition, natural, organic and minimally processed acoustic Pearl drums. We then added the very best electronic, world, orchestral and specialty percussion sounds from KORG's vast library of pristine quality samples. But, the module is only part of the change.

There are three key elements that separate e/MERGE from anything that has come before. The MDL1 e/MERGE Module, KORG's amazing WAVE TRIGGER TECHNOLOGY and Pearl's acoustic-like PUREtouch electronic pads and cymbals combine to create an exceptional e-drumming experience.

EM-MDL1

e/MERGE MDL1 MODULE Simple, straight forward yet extremely powerful, the MDL1 module offers, a pair of powerful multicore processors, a full library of acoustic Pearl drums recorded in one of the world's most renowned studios, pristine samples from KORG's library and the variety of routing options every e-drummer needs.

WAVE TRIGGER TECHNOLOGY This ultra-fast and highly sensitive technology partially based upon KORG's groundbreaking Wave Drum allows even your stick choice to make a discernible difference in the sound of your drum. Wave Trigger Technology speed adds a realism to the playing experience never before available to the e-drummer.

PUREtouch

PUREtouch PADS & CYMBALS Perfectly sized pads designed to replicate the ultimate acoustic-like response. PUREtouch features layer upon layer of specially designed materials each selected for a specific quality that together create an e-experience never before possible.

MODULE SPECIFICATIONS

SOUND GENERATOR	2 CPU (4 core + 2 core)

MIDI	USB to PC Port (Transport USB Audio & MIDI Data) USB-A (for WAV files and Settings Data)
POWER SUPPLY	MIDI Output
DIMENSIONS, WEIGHT	100-120V, 50-60Hz, Switching Power Supply 2.2lbs, 9" W x 7.5" D x 2" H

MIMIC PRO

Powered by Slate

MIMP24B

MIMIC PRO POWERED BY SLATE

STATE OF THE ART FEATURES:

- 7" IPS Touch Screen with Programmable Data Wheel
- 120GB Solid State drive
- 16 Dual Zone Inputs
- 16 Programmable Audio Outputs
- MIDI In and Out
- High Quality Digital to Analog Converters
- Two completely separate mixers for headphone and Main outs (Drummer gets a personal mix with and without effects independent of Main outputs)
- Import Wave, Aiff or MP3 sound files
- Compatible with most pads on the market
- Steven Slate Drums 5 Library
- 24 bit multi channel sample library with separate adjustment of Close, Overhead and Room mics
- Onboard effects include EQ, Compression, Reverb with Room Sizes
- Individual Cymbal Volume Adjustments for Bell, Bow, Edge, Chik and Splash
- All AUX and Cymbal inputs have choke function
- Supports triple and dual zone cymbals and dual zone hi hat
- SD card slot and USB
- Additional Instruments and Libraries will be available
- Stereo Aux In and Onboard Metronome
- Internal Recording for Loops and/or Performances

**THE MOST AMAZING
DRUM MODULE
THE WORLD HAS
EVER KNOWN.**

**SERIOUSLY,
IT'S THAT GOOD.**

Superior sound, accurate triggering and connectivity are the most important features of a drum module. Pearl Drums and Steven Slate have joined forces to create "Mimic Pro" - the world's most advanced percussion sound source for studio and live performance applications.

At the heart of this ground breaking unit is the new Steven Slate 5 drum library that features multi-channel drum samples recorded in world class studios. Each instrument supports adjustment of Attack, Sustain, Release, Tune, Pan and volume. Instead of substituting digital effects to create ambience, these instruments use the actual ambient recordings with separate adjustment of close, overhead and room mics.

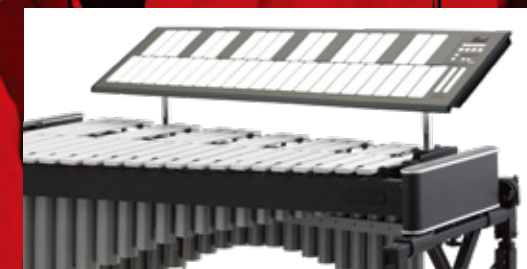

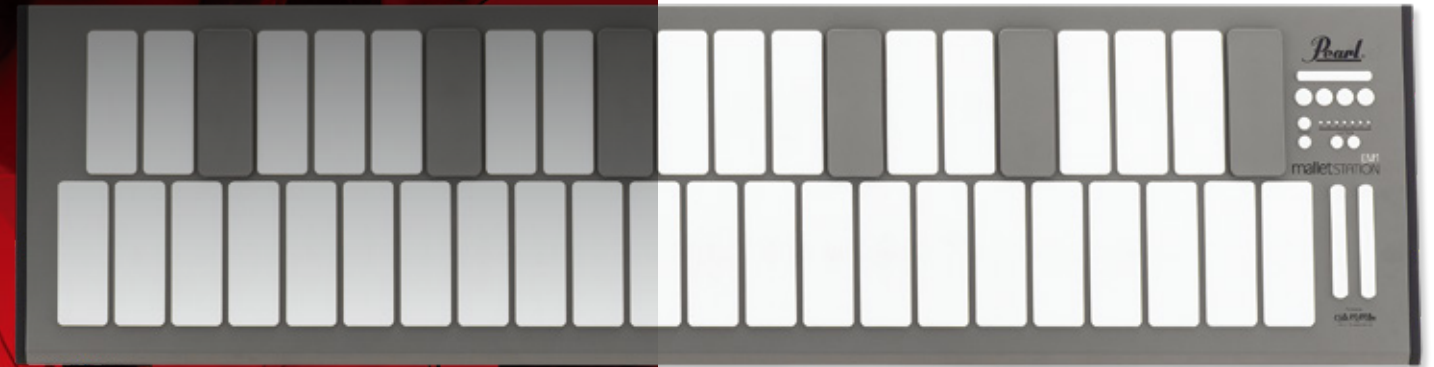

Mimic Pro is the first drum module to implement a 7" IPS touch screen and the first to offer 2 mixers for independent headphone and front house outputs. Now that the drummer is responsible for triggering loops and other sounds for a performance, Mimic Pro can import audio files to trigger from your pads.

Storage is no longer a problem with Mimic's 120GB Solid State Drive and lightning fast loading time. Speaking of connectivity, Mimic Pro is compatible with Pearl TruTrac pads and a host of pads from other manufacturers. Top that off with sixteen audio outs, 16 Trigger inputs, independent SD card Slot, USB and Midi In & Out, Stereo Aux input and you would be hard pressed to find a better option for today's musician.

malletSTATION

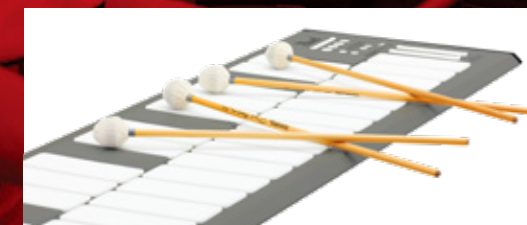

The World's First 3.0 Octave Adjustable Range
Electronic Mallet Controller

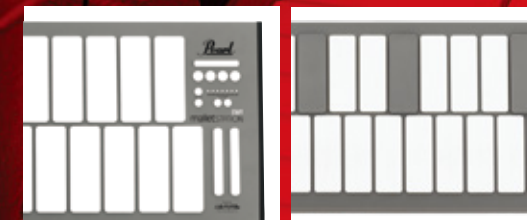

Shown Mounted on Vibraphone with Field Frame

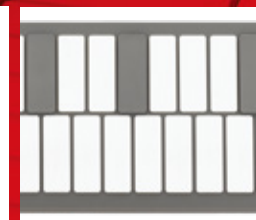

Sleek, modern design with an ultra thin 1.6" profile

1.75" x 5" Soft Silicone Keys powered by KMI Smart Fabric Sensor Technology

Software Assignable Control Panel with 3 Faders, 4 Buttons, plus Low Note and Octave Shift (U.S. Patent 10311841)

Moveable Accidental "Gap Caps" for visual cues when low note range is adjusted

Jack panel with USB MIDI, MIDI expander port, and 3 MIDI assignable 1/4" pedal inputs

Optional Dual Module Mounts allow malletSTATION to easily mount on racks, stands, and field frames

malletSTATION™

EM-1

PRACTICE, PERFORM, COMPOSE ANYWHERE.

- USB Powered MIDI Mallet Keyboard Controller
- Universal Compatibility through phone/tablet/laptop
- Tech-Forward Design featuring KMI Smart Fabric Sensors
- Low Note, Adjustable, User defined
- Customizable mallet dampening and aftertouch modes for realistic performance techniques
- Natural feeling soft silicone keys, all-weather playing surface
- Assignable buttons and faders for customized control and functions
- Three assignable pedal inputs for expression and sustain
- Hybrid Aluminum and Steel Chassis design for durability and stability
- Optional MIDI Expander to use external MIDI Hardware (sold separately)
- Flexible mounting on desktop, X-stand, or module mounts (sold separately)
- Mounting plates, stands, cases, covers, and other peripherals (available separately)

- 43, 1.75" x 5" soft silicone keys
- 3 faders and 4 buttons, MIDI assignable
- 3 MIDI assignable 1/4" pedal inputs
- Bottom Note Range Shift up/down buttons
- Octave up/down buttons
- 1.6" H x 12.6" W x 49" L
- 22.5 lbs

Pearl once again redefines the electronic percussion experience by introducing the revolutionary EM1 malletSTATION adjustable range electronic mallet controller.

The EM1 malletSTATION is a 3.0 octave adjustable range electronic mallet controller designed for all levels of player, from the beginning student through the gigging professional. The adjustable range function allows you to set the fundamental diatonic note of the instrument to what you need—low D xylophone? No problem! Powered exclusively by USB Bus Power, the malletSTATION is designed to be used with Mac, PC, iPad, iPhone, and Android devices, making it the first truly portable mallet percussion controller on the market.

Designed in collaboration with Keith McMillen Instruments, malletSTATION's tech-forward design features KMI's Smart Fabric Sensor technology allowing the silicone bar material to have an extremely sensitive, natural response, including mallet dampening and aftertouch control, and all can be easily tailored to your individual playing style. The EM1 features a master control section, with 3 programmable faders, 4 programmable buttons, and the fixed function low note and octave shift buttons. In addition, three assignable pedal inputs allow for flexibility in performance such as sustain, expression, or any MIDI parameter of your choice. These controls are fully programmable through a software editor so changing your configuration is as easy as clicking a mouse.

This is the controller that will grow with you throughout your playing career—from music apps on your phone or tablet, to professional digital audio workstations and sound libraries—your sounds and even the instruments you play are only limited by the software you run.

ELIMINATOR DEMON XR

SEE the **Demon XR** in action with design partner George Kollias and John Longstreth

The Ultimate In Speed, Rebound, And Accuracy.

ENHANCED REBOUND STROKE
Eases High Tempo Single and Double Strokes

DIRECT DRIVE
Extreme Speed and Precise, Resistance-Free Playability

SLEEK LONGBOARD
Improves Double Stroke Response

MACHINED ALUMINUM CONSTRUCTION
Delivers Light, Efficient Action

Single Pedal Complete
P-3500D

THE DIRECT-DRIVE TRIPLE THREAT: X-TREME SPEED. X-TREME REBOUND. X-TREME ACCURACY.

Developed in conjunction with the world's top drumming talents for speed and enhanced rebound in extreme musical situations, The Pearl Demon XR Bass Drum Pedal is your direct path to rapid fire bass drum performance.

Delivering the ultimate in Speed, Rebound, and Accuracy, the Pearl Demon XR (for X-treme Response) Bass Drum Pedal is a true Triple Threat in bass drum pedal performance.

Sharp Attack and Low End

Double Pedal Complete
P-3502D

X-TREME SPEED

Its streamlined machine shop design is the result of a two-year research and development project with drummer George Kollias, and delivers a faster, smoother stroke in action.

X-TREME REBOUND

The key to higher playing speed is in its enhanced rebound action and interchangeable Extreme Spring. This exclusive feature makes repeated strokes in the most extreme musical situations effortless.

X-TREME ACCURACY

Primed for the high tempo technicality, the Pearl Demon XR is perfect for any drumming style where precision and endurance is key.

DEMON PEDALS

The Fastest, Smoothest, Most Powerful Pedals in the World

DEMON DRIVE UNLEASH THE DEMON

Demon Drive's lightning fast power and silky smooth finesse make it the choice of the drumming world's most prolific players. Featuring an amazing array of adjustable features, from beater angle, traction plate grip, and footboard height and angle, Demon Drive truly becomes an extension of your body. Its totally modular design makes it configurable in a variety of single and double pedal setups. Unleash the Demon and find out what custom feel is all about.

U.S. Patent #7579540

A choice of 2 positions for a finesse or power feel. Simply loosen the clamshell to change position.

- Single Pedal Complete P-3000D
- Double Pedal Complete (right footed) P-3002D
- Double Pedal Conversion Kit (right footed) P-3001D
- Double Pedal Complete (left footed) P-3002DL

- Demon Drive (Shown in Shortboard Set Up) P-3000D

Demon Drive (Shown in Shortboard Set Up) P-3000D

DIRECT LINK Dual position adjustment for LIGHT or HEAVY feel, creating a seamless link between your foot and the bass drum.

CLICK-LOCK Secures spring tension in high impact play. (U.S. Patent #7754953)

DUO-DECK FOOTBOARD The world's first convertible footboard can switch from a traditional shortboard to a longboard pedal in seconds. (U.S. Patent #7626107)

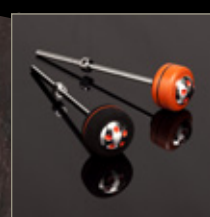

CONTROL CORE BEATERS

INDEPENDENT BEATER ANGLE AND FOOTBOARD HEIGHT ADJUSTMENTS

POWERSHIFTER FUNCTION
By moving the foot board forward or back, our revolutionary Powershifter function provides 3 positions to fine tune the power and feel of the pedal. Instantly change the drive angle leverage to create a light, regular, or strong feel.

NINJA BEARINGS Developed by skateboarding engineers for the ultimate in fast, quiet performance, NiNJA Bearings incorporate state of the art micropolished steel balls for incredibly fast and smooth performance.

INDEPENDENT TRACTION GRIPS
Eliminator Redline's redesigned pedalboard features Pearl's exclusive reversible Traction Plate insert, allowing individual traction grip configuration to suit your exact playing requirements.

CLICK-LOCK SPRING ADJUSTMENT
w/ NEW Rotor Tension Cradle. Secures spring tension in high impact play. The counter spring adjustment's rolling cradle allows the spring to pivot with each stroke for less resistance. (U.S. Patent #7754953)

ZERO PLAY HINGE
Our proprietary stainless steel hinge provides maximum freedom of motion for blazing speed and prevents play between the footboard and heel. U.S. Patent #7179978

ROLLER CAM HOOP CLAMP
Mount Adjustment. Quickly adapts to a wide range of hoop thicknesses for the smoothest, most secure grip possible. Easy side access to the hoop clamp makes set up and tear down a breeze.

THE CONTROL CORE QUADBEATER
Provides four beater surfaces (two hard plastic, two felt) with the added feel of the vibration-free Control Core elastomer center. U.S. Patent #762108

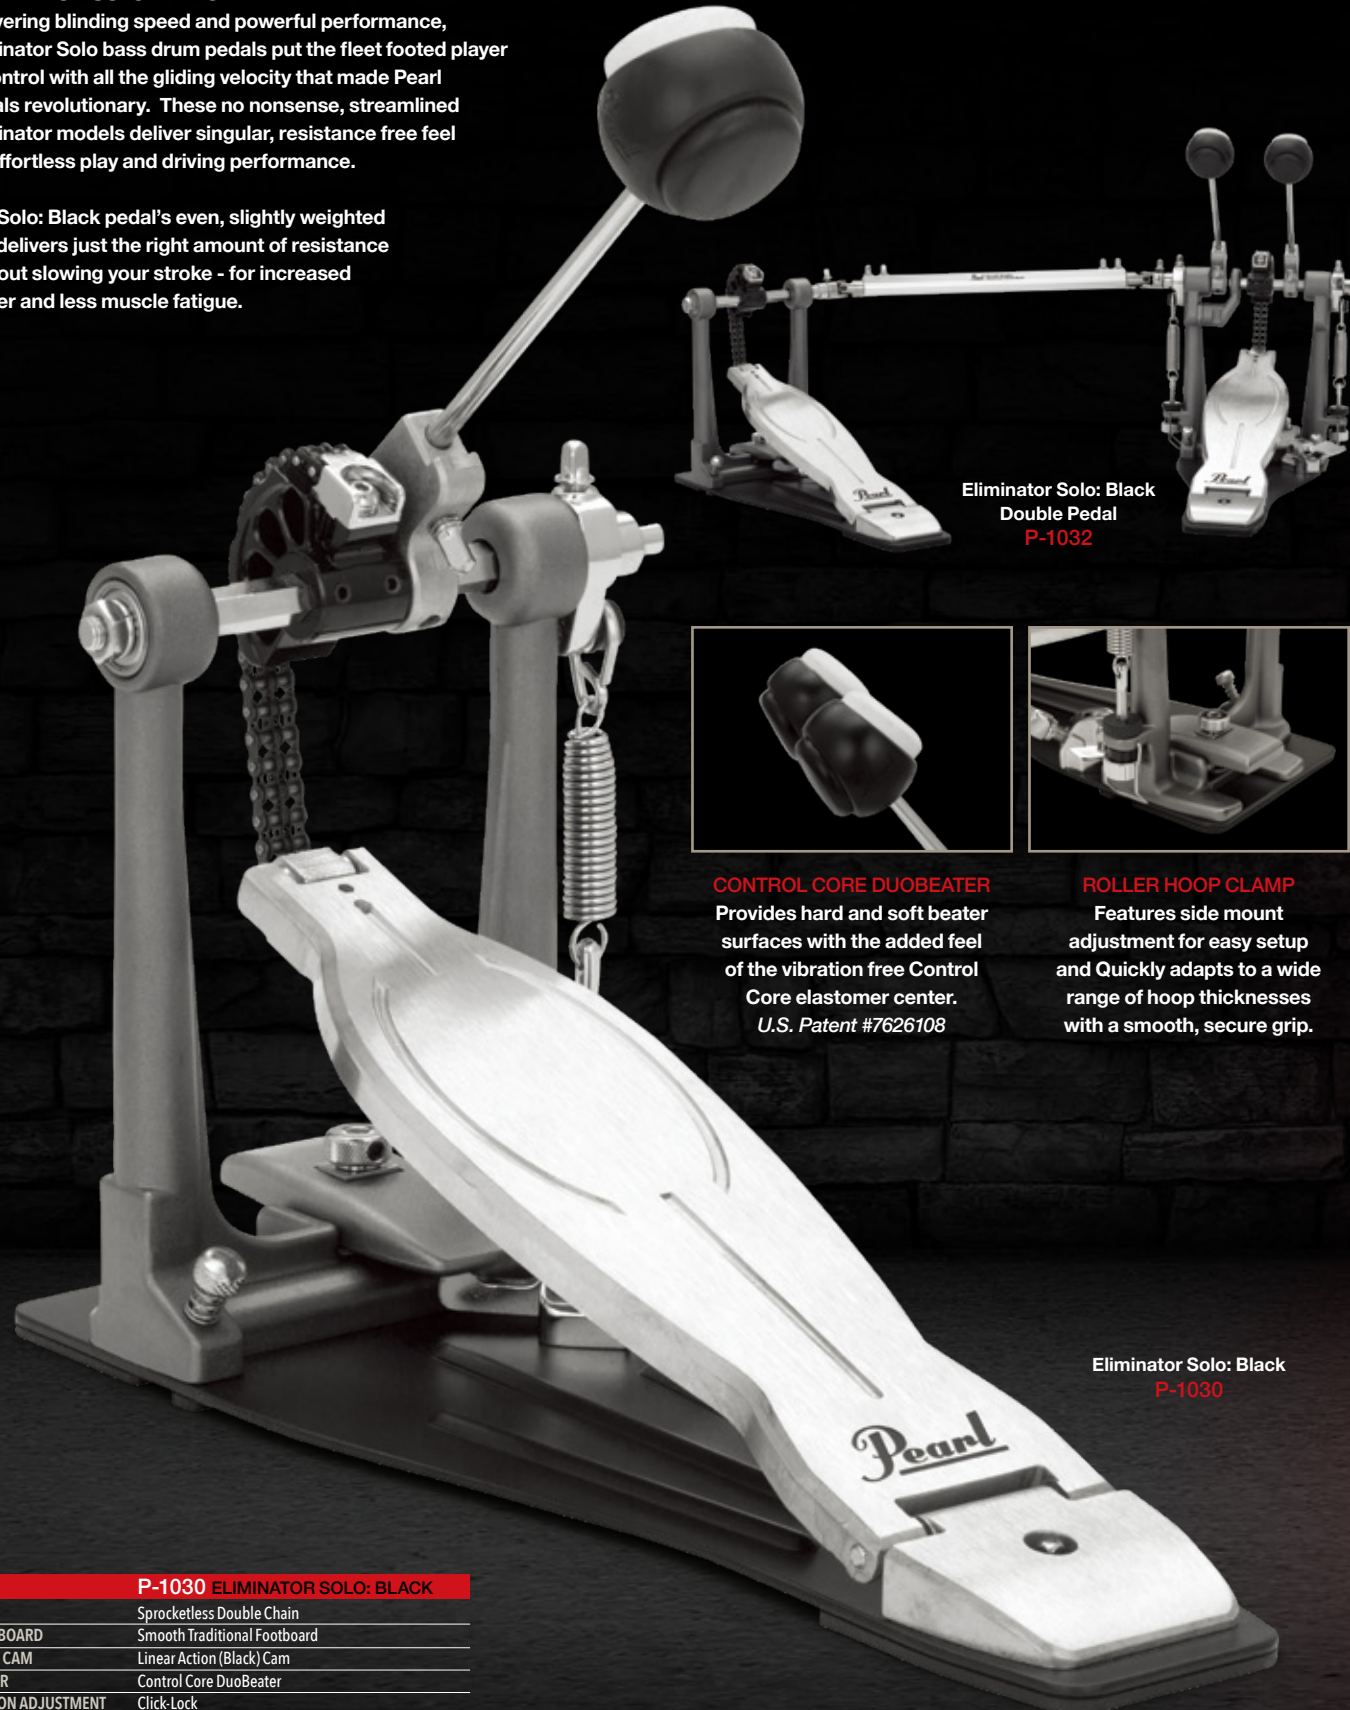

UNI-LOCK BEATER ANGLE CAM
Grips the axle a full 360 degrees, allowing infinite beater angle adjustments. Floating Spring Pendulum design is perfectly centered on the clamp for full bearing movement and maximum smoothness.

ELIMINATOR SOLO

ELIMINATOR SOLO : BLACK

Delivering blinding speed and powerful performance, Eliminator Solo bass drum pedals put the fleet footed player in control with all the gliding velocity that made Pearl pedals revolutionary. These no nonsense, streamlined Eliminator models deliver singular, resistance free feel for effortless play and driving performance.

The Solo: Black pedal's even, slightly weighted feel delivers just the right amount of resistance without slowing your stroke - for increased power and less muscle fatigue.

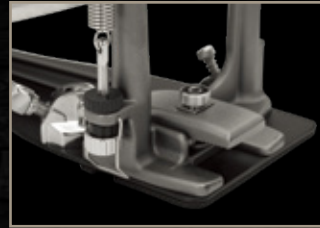

Eliminator Solo: Black Double Pedal P-1032

Eliminator Solo: Black P-1030

CONTROL CORE DUOBEATER
Provides hard and soft beater surfaces with the added feel of the vibration free Control Core elastomer center.
U.S. Patent #7626108

ROLLER HOOP CLAMP
Features side mount adjustment for easy setup and Quickly adapts to a wide range of hoop thicknesses with a smooth, secure grip.

Singular Feel, Eliminator Speed, Priced to Perform. Fly Solo and Set Your Feet Free!

ELIMINATOR SOLO : RED

Delivering accurate speed and focused performance, the Eliminator Solo: Red bass drum pedal delivers no-nonsense Eliminator feel for the technically decisive player.

Focusing the drive on the accurate feel of the Radical Progressive Action of Eliminator: Redline Red Cam, its shape allows the double chain to better match the motion of your foot. This means smooth movement at the bottom of the stroke with an accelerated PUSH at the top, and quick rebound for reactive doubles.

Eliminator Solo: Red Double Pedal P-1032R

Eliminator Solo: Red P-1030R

CONTROL CORE QUADBEATER
Provides four beater surfaces (two hard plastic, two felt) with the added feel of the vibration-free Control Core elastomer center.
U.S. Patent #7626108

UNIVERSAL JOINT
All Eliminator Solo pedals come with Pearl's adjustable Universal Drive Joint, giving the secondary pedal the feel, power, and unrestrained feel of the main pedal.

INDEPENDENT TRACTION GRIPS
Features Pearl's exclusive reversible Traction Plate and individual traction grips, configurable to suit your individual taste.

H2050 PRECISION SPRING TENSION DIAL
Allows perfect tension control for fine-tuned response.

H1050 PEDAL HEIGHT ADJUSTMENT
The infinite footboard angle adjustment featured on the H2050 and H1050 allows precise height matching in multi-pedal setups.

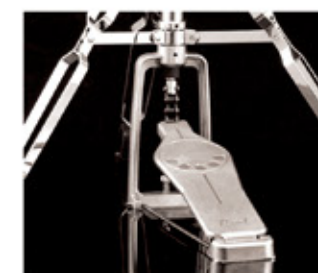

CLAMSHELL CLAMP
The H-2050, H-1050, H-1030, H-1030S, and H-930 Hi-Hat Stand uses beefy 1" tubing and clamshell clamps with built-in memory locks for superior rigidity.

HA-130
Positions your hi-hat next to your bass pedal in double bass set-ups for effortless transitions between pedals.

H-930 HI-HAT STAND
The H-930 Hi-Hat Stand features our Demon style longboard, double braced tripod w/ swivel function, and precision tension dial.

H-830 HI-HAT STAND
The H-830 Hi-Hat Stand is standard equipment with our Export series and offers a monochromatic Demon Style longboard design and swivel tripod.

H-150S* FLAT-BASED SWIVELING HI-HAT
The H-150S independent tripod is positioned separately from the pedal frame making it the only flat-based hi-hat stand with swiveling legs.

SNARE STANDS

No matter the gig or the drum, Pearl has a stand to accommodate both with security, high function, and chameleon-like diversity.

S-1030 SNARE STAND
GYROLOCK

Our premier S-1030 model features Pearl's 360 degree infinitely adjustable GyroLock tilter for ease-of-use and pinpoint positioning.

S-1030 SNARE BASKET

The Pearl S-1030 Snare Stand adjusts to fit virtually any size snare from 10" to 16". The Air Suspension rubber tips securely cradle your prized snares while allowing them to fully resonate.

S-930D SNARE BASKET

The S-930D Snare Stand is a shorter version of the S-930 Snare Stand, and is built to comfortably accommodate deeper snare drums.

SPIKED / RUBBER FEET (Sold Separately)

Our CVT-300/3 Push Button Spiked/Rubber Feet come in pack of 3 to retrofit on any of our 1030 Series hardware for sure-footed performance on any terrain. (U.S. Patent #7371953)

CYMBAL STANDS

Welcome to Boom Town

FOR EVERY CYMBAL, THERE IS A PLACE.

Advancing Drum Hardware for Serious Working Drummers since 1946. Through constant setup, teardown, performance, practice, and transport, Pearl has you covered with cymbal stand solutions that are ready to endure constant abuse and keep going.

Pearl hardware is literally the only hardware that you'll ever have to buy and it's all backed by their incredible lifetime warranty!

- TRACY BROUSSARD -

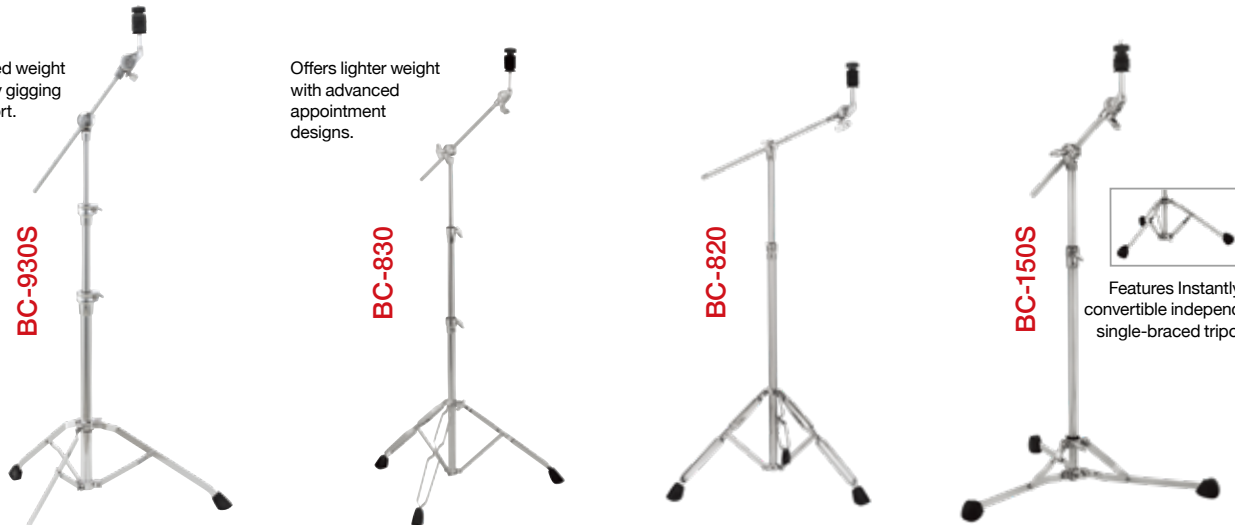

The most technically advanced boom stand ever devised. Perfect for studio or live applications.

REVERSIBLE FELT / FOAM CYMBAL WASHERS allow four-way control of cymbal "ring" by mixing and matching the "hard" and "soft" surfaces of the washers.

THE TRIDENT TRIPOD uses a full 360° of clamping force via the hinged collar. The inner tube rests in a nylon bushing to prevent metal to metal contact. Heavy duty legs feature lateral bracing for superior ultra quiet rigidity.

REVERSIBLE CUP WASHER w/ O-RING (U.S. Patent #6940006) Specially designed to "float" normally or "lock" to prevent noise during recording.

WINGLOC

Quick Release Wing Nut (U.S. Patent #6884015) Secure, adjustable, spring loaded cymbal nuts for quick set up and tear down.

NODAL POINT MARKINGS

Pearl's BC2030 features markings on the telescopic tubes that allow cymbals to achieve better clarity and sustain when the tubes are positioned at their respective Nodal Points. (U.S. Patent #9070348)

GYROLOCK TILTERS

are infinitely adjustable and provide 360 degree range of motion for precise positioning with one-step convenience.

ICON RACK SYSTEM

SIGNATURE SERIES

The Pros Play Pearl!

BOBBY ALLENDE

Bobby Allende is a mainstay in the New York Latin Music Scene and he demands the best from his drums, that's why he plays Pearl. His Signature drums are fiberglass with no seams to inhibit vibration which allow the drums to resonate freely for the full, rich sound that Bobby is famous for. The congas are 28 inches tall, fitting the traditional seated player perfectly while adding extra width to the base for added projection and stability. A matching set of bongos is also available.

OPTIONAL BAGS PSC-110CG 11" Quinto Conga Bag
PSC-117CGW 11.75" Conga Bag
PSC-125CG 12.5" Tumba Conga Bag

The Bobby Allende congas and bongos feature Remo Fiberskyn 3 heads for tuning stability and Pearl's Low-Rider crowns with a radical sloping edge that practically disappears under your hands for comfort you have to experience to believe.

If you demand excellence like Bobby, check out his Signature Fiberglass Congas and Bongos.

JESUS DIAZ

Cuban born Jesus Diaz is one of the most in demand percussionists and vocalists on the scene today. His active schedule provided the feature set for his signature series of congas and bongos. Designed for the seated player the Thai Oak drums measure 30" tall and from the Quinto to Tumba feature added girth to the belly of the drum. Seated conga players typically have to tilt the drum to achieve the desired projection, but the Jesus Diaz drums feature a 4" port on the front of the drum that is strategically positioned to deliver the maximum base frequency while the drum remains flat on the floor.

PSC-125CG 12.5" Tumba Conga Bag

The drums also feature a newly designed Quick Release lug that is slotted to allow removal of the tension rod without fully removing the nut. Player comfort was also an important ingredient in the design of the hoop. A new ergonomically friendly design reduces the impact to your hands while an internal ring centers the natural buffalo skin heads for accurate placement.

TRAVEL

Congas, Bongos, & Timbales

Where can you take the Pearl Travel Congas and Bongos? The answer is anywhere you can take traditional drums but without any of the hassle. The Travel Congas feature a 3.5" deep wood shell with stave construction and Remo Symmetry heads. Available in three sizes: 11" x 3.5", 11.75" x 3.5" and 12.5" x 3.5" each with five precision Allen bolts. The 7" and 8.5" Travel Bongos feature 3.5" Thai Oak shells with Remo Fiberskyn heads and three point tuning. The Travel Congas and Bongos include a foam-handle tuning wrench.

TIMBALES

Travel Timbales 14" & 15" with Stand*
PTTM-1415

*Bag sold separately

The Pearl Travel Timbales feature 14" and 15" steel shells that are professional size in diameter but only 4" deep.

The drums are connected by a hinge that marries them to the Quick Release stand. The custom hinge allows the drums to be folded together into the size of one standard depth timbale for easy storage and transportation.

The Travel Timbales come with a single braced stand that includes an 11.25" adjustable accessory post with 6 positions that allow cowbells and blocks to be placed the perfect distance from the player.

The steel shells feature a black lacquer finish and USA Remo clear Ambassadors heads for a truly professional sounding instrument. A soft carrying case for the stand is also included (sold separately).

DJEM-BASS

PJB350
Djem-Bass

The **PJB350** Djem-Bass Attachment allows you to convert any Pearl 14" djembe into a sub-sonic bass drum. To reduce the attack and add greater "lows," we have included a cloth cap that stretches around the head. For smoother low-end with a slightly reduced attack, slip the included neoprene disc inside, allowing for two distinct sound options. A pedal (not included) attaches via an I.S.S. clamp to the djembe's stand mounting plate. Includes two legs with mounting hardware, pedal bracket, head cover and neoprene muffler.

FOLKLORIC

FOLKLORIC ELITE CONGAS

Pearl's Folkloric line of congas feature a traditional look with modern innovation that only Pearl can deliver. Each 28" tall Oak drum is designed for the "seated" player, but includes stand mounts for players who prefer to stand. Thicker South American-style natural skin heads make the drums warm-sounding, but a fiberglass gel coating on the interior seals the shell and add the projection and volume desired by today's players. Four Polished Steel Reinforcing Bands are inset on the shell for a smooth touch, and the traditional hoops complete these stunning Cuban instruments.

BATS

Bata drums originated in Nigeria over 500 years ago and were primarily used for religious purposes. The drums were introduced into Cuba by slaves in the 1820's. Pearl Batas are modeled after an ancient Cuban design and feature naturally finished 100% Thai Oak shells for outstanding and authentic tone. Polished steel traditional rims offer excellent tuning integrity and ease of tuning. These prized ceremonial drums have an hourglass shape and produce a great, warm tone similar to a bongo-like sound on the high drum and a djembe-like tone on the large drum.

CAJONS

Get in the Cajon Zone!

PRIMERO CAJON

The body of these Primero cajons is constructed using MDF, Medium-density Fiberboard which creates a solid and durable sound chamber. Four of these models feature Meranti faceplates. Meranti is a wood known for its relative hardness and straight grain making it ideal for cajons. A built in bass port magnifies the massive low-end tone of the cajon while two sets of fixed snare wires provide a bright, crisp snare response. Each of these Primero cajons feature a look as distinctive as the percussionist who play them.

PRIMERO ABSTRACT RED CAJON
PBC-120B

FACEPLATE Meranti*
BODY Medium-Density Fiberboard
SNARES Fixed, two sets
BASS PORT Patented, built in, rear facing

Its unique finish is an abstract red print on a cloth sarong that is applied to the body of the cajon and is accentuated by the ebony front.

Finish :
Abstract Red body with black faceplate
19.25" T x 11.75" W x 11.75" D

PRIMERO FIGURED CHERRY CAJON
PBC-121B

FACEPLATE Figured Cherry*
BODY Medium-Density Fiberboard
SNARES Fixed, two sets
BASS PORT Patented, built in, rear facing

Features a stunning figured Cherry faceplate. Because of its hardness, tonally cherry is a close match to maple and when used on a cajon provides more bottom-end.

Finish :
Natural Figured Cherry with gloss black body
19.25" T x 11.75" W x 11.75" D

CYCLONE CAJON
PCJ-629616

Simply twist open the Brazilian Platinnella-style jingles and a new world of sonic options open up, as you sound like two percussionists blending simultaneously.

HANDPANS

A Cosmic Blend of Sound

MELODIC HANDPAN

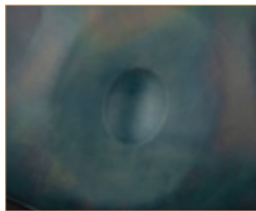

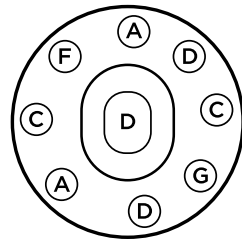

22" Melodic Handpan
9 Note D Minor - Patina Finish
PBHP-500

Handpans are musical instruments that are a subset of the steelpan. The beautiful tonal characteristics will remind you of steel drums, but handpans are only played by hand, with no sticks or mallets, so the sound has reduced attack but is much more mellow.

The shape of Pearl's 22" Awakening Series Melodic and Euphonic handpans feature a center tone field surrounded by eight tone fields. Each

tone field has a fundamental note, an octave, and an overtone, so each field has three notes. The hand-crafted steel construction of the instrument is designed so each tone field holds its tuning.

The Melodic handpan features a patina finish and is meticulously tuned to the D Minor scale, and responds to your finger strikes with excellent sonority.

AWAKENING SERIES

Rainsticks and Nut Shakers

RAINSTICKS

BAMBOO RAINSTICKS WITH BURNED FINISH #694 RHYTHM WATER

Pearl's natural Bamboo Rainsticks are 2.5" in diameter and feature an internal spiral maze of tines that a cascade of lava pebbles flow over to create the soothing sound of falling rain.

Pearl has expanded its line of shakers to include six Bamboo rainsticks ranging in size from 16" to 60" and available in two unique finishes.

BAMBOO RAINSTICKS WITH PAINTED FINISH #693 HIDDEN SPIRIT

NUT SHAKERS

The Awakening Series has been expanded to include a series of natural nut shakers that provide earthy tones that complement the series. Kenari, Bendo, and Pangi nuts range in size from small, medium, and large and each size

possesses unique sound properties. From the recording studio to the yoga studio Pearl's Awakening Series has an instrument and sound that will inspire you.

CONCERT PERCUSSION

Engineered for the Professional Percussionist

Pearl is proud to offer Concert Percussion instruments that are attractively priced for school ensembles, yet engineered with the professional percussionist in mind. The symphonic tambourine is a perfect example. Its 17 pairs of specially aged, stamped brass jingles provide a dry, yet bright tone that brings added color to any musical situation. Its 10" headed wood frame allows the

player to effortlessly perform all tambourine techniques, and the tambourine's plush carrying case is included. The rattler is another vital component to any concert percussionists' equipment, and Pearl's is built with an extended handle for a comfortable grip and ease of playing. Holders for the rattler and castanets are also available.

HAND PERCUSSION

A World of Hand Percussion

BLOCKS, BELLS, SHAKERS and more. Choose from a complete selection of hand percussion instruments to add color and impact to your music.

Natural Gourd Guiro
PNG-20

Two scraping surfaces: thin grooves on one side for a lighter sound and thicker cut channels on the other side for a beefier sound. The interior is coated with a fiberglass get to add projection and volume.

Metal Guiro
PMG-20

Perfect for Merengue rhythms, or just a different metallic sound texture, Pearl's Metal Guiro will become an essential ingredient in your "toy" bag. Scraper included.

Fiberglass Guiro
PFG-20

Pearl's Fiber Guiro is light-weight and provides optimal projection due to its fiberglass construction. With the included striker and two different playing surfaces you have a world of sonic possibilities in your hand.

Guiro Holder
PGH-20

This innovative design will hold virtually any size guiro secure for one handed playing. Easily mountable off the lug of your conga or any 3/8" post, Pearl's Guiro Holder uses a track system to lock the guiro in place. Included is a 3/8" "Z" rod so you can also mount your favorite accessory as well.

Beaded Maracas
PFM-20

The Beaded Maracas feature Shekere-style beads which offer an excellent sound with greater control, and foam handles for enhanced comfort.

Maracabasa
PFM-50

The Maracabasa is two great instruments in one, combining the functionality of a maraca and a cabasa in one handheld instrument. Featuring a ribbed fiberglass body wrapped in shekere-style beads.

Basket Ganza 9" X 4"
PGA-20

The Pearl basket ganza is a 9"x4" woven tube containing wooden sticks instead of conventional shot. The wood sticks produce an airy percussion sound.

Shakelets
PWR-40

This innovative percussion item feature exclusive "Ganzinellas", Brazilian-style plantinellas combined with ganza shakers that are worn on the wrists to produce a shaker sound when playing.

Spirit Chimes w/ Holder and Mallet
PSC-30BR

Spirit Chimes have many applications in school bands, percussion ensembles and music programs. They are also perfect for meditation and yoga studios.

Quickmount Tambourine w/ Steel Jingles
PTM-10SHX

Six double rows of premium steel jingles deliver a bright metallic sound. Features a comfort grip handle that slides into the shock-absorbing Quickmount bracket. Mounts to any 3/8" post.

QUICKMOUNT BRACKET
Hand-held to mounted in seconds.

Quickmount Tambourine w/ Brass Jingles
PTM-10GHX

Six double rows of premium brass jingles deliver with bright and a warm metallic sound. Comfort grip handle that slides into the shock-absorbing Quickmount bracket. Mounts to any 3/8" post.

COMFORT GRIP HANDLE
Molded ergonomic shape.

PTM-50BHR (Brass)
Ultra Grip Volume Adjustable Tambourine

PTM-50SHR (Stainless Steel)

The jingle control discs can be moved to the outside to allow the jingles to ring freely. As the jingle control discs are tightened the more restricted the jingle.

Brass is an alloy of copper and zinc and the jingles provide a bright mid-range tone. Steel jingles have a higher tone with extra top end and sustain.

9" Primero Rock Tambourine w/ Millennium Jingles
PTM-09BK

The Primero Rock Tambourine features 6 double sets of Millennium Chrome Jingles in a matte black oval frame.

Headless Wood Tambourines
PTH-10B (Brass)

Brass is an alloy of copper and zinc and the jingles provide a bright mid-range tone.

PTH-10S (Stainless Steel)

Stainless Steel jingles produce a higher tone with extra top end and sustain.

Hi-Hat Jingle Ring
PJH-10SH

The Hi-Hat Jingle Ring has 20 sets of Stainless Steel tambourine style jingles that will accentuate your Hi-Hat sound with every opening and closing of your cymbals.

Gating Cabasa
CBS-100

Simply grab the precision handle and fire away to play any pattern you wish, or keep spinning it for an infinite "sizzle" that is not possible with standard Cabasas.

ASH TONE BLOCKS

Tang-Tang
PTG-20

A high and low pair of unique shakers that incorporate a Caxixi-Style Plate and Wooden "Clacker."

PAB-20 (High)

PAB-50 (Medium)

PAB-100 (Low)

Pearl's Ash Tone Blocks are constructed using Ashwood because it is extremely hard and durable. The Ash Tone Blocks are pitched in "thirds" and each block includes a mounting bracket that accepts a 3/8" post.

CLAVE BLOCKS

PBL-10 (High)

PBL-20 (Medium)

PBL-30 (Low)

Pearl's clave blocks are injection molded so they're virtually indestructible, and the solid color will never chip, fade, or peel. Our exclusive CDV (Chamber Density Variation) Technology process allows all three clave blocks to be the same dimensions but still differ in pitch.

PBL-100 Anarchy Block

Produces a low piercing pitch that will cut through even the heaviest metal rhythm section.

21" Field Percussion Shaker
PGA-60FP

Hexagonal body and internal chamber for a truly massive sound.

Wood Hex Ganzas
PGA-30W (Short) **PGA-32W** (Long)

The wood Hex Ganzas are made from Shorea wood and maintain the same strong projection as their aluminum brothers, but deliver a warmer less metallic tone.

Hex Ganzas
PGA-30 (Short) **PGA-32** (Long)

The Pearl aluminum Hex Ganzas give more sound control than round shakers and produce a lush shake sound due to their hexagonal shape.

Triple Shaker
PGA-40

6" long, rectangular aluminum shaker provides three unique sounds: shake, click, and swish.

Egg Carton
PEC-1

Three egg shakers in a clear tube that can be played separately or as a complete unit.

- CL-65** Lug for 6" & 6.5" Deep Snare
- CL-100** Lug for over 7" & 8" Deep Snare

REPLACEMENT PARTS

Pearl offers a tremendous number of parts for our drums and hardware. The parts represented on these pages are some of the most commonly requested items.

OPTI-LOC

OPL1016/C

Opti-Loc suspension tom holders provide exceptional stability while greatly improving resonance and sustain. (For EXX / EXL Export / DMP)

- OPL-0608/C Opti-Loc for EXX and DMP 6"-8" Diameter
- OPL-1016/C Opti-Loc for EXX and DMP 10"-16" Diameter

R2 AIR & OPTIMOUNT

To attain tonally true sound, every drum would have to be mounted in a floating point at the center of its shell. R2 Air equally balances mounting pressure across two floating points at the top and bottom of each tom. This gives true tonal separation from mounting hardware and enhances sonic output. U.S. Patent #11640814

R2AS100708C

JUNGLE GIG

JG-16

JG-16 • Pearl's Jungle Gig allows the conversion of a 16" Floor Tom to a Bass drum.

Our OptiMount Suspension System attaches to the tom's tension rods and floats on rubber cushions, providing the ultimate in stability while allowing the drum to resonate fully without restriction.

OPT-0708 OPT-0910 OPT-1112

OPT-1314 OPT-1516

- OPT-0708 / for drums 7"-8" deep, 8"-16" diameter
- OPT-0910 / for drums 9"-10" deep, 8"-16" diameter
- OPT-1112 / for drums 11"-12" deep, 8"-16" diameter
- OPT-1314 / for drums 13"-14" deep, 8"-16" diameter
- OPT-1516 / for drums 15"-16" deep, 8"-16" diameter

ULTRA-SOUND SNARES

Pearl's Ultra-Sound snares feature patented Graduated Tension wires for extended dynamic range from ultra soft to ultra loud. Ultra-thin, low mass end plates assure ultra quick response. The end plates feature three mounting options: tunnels or holes for cord mounting and slots for straps. U.S. Patent #7202405

20 / I 20 / D 20 / C

STAINLESS STEEL TENSION RODS

Pearl's Stainless Steel Tension Rods are machined, not forged, from a single piece of stainless steel to the most exacting tolerances in the industry. They feature super-smooth, precise tensioning, with absolutely no play. Each non-plated stainless steel tension rod is matched with a precision-machined brass swivel nut for ultra-precise performance.
